46 Now you can spend the rest of your life doing cool spy stuff if you mathematics to financial problems is cool spy stuff. sillycone; How to join the CIA, mathNEWS 139.1

**66** Back in my day, when there was a storm, we still had to come to class. No excuses [...] storm or no storm, school was still on! TB; University as a Metaphor for Life, mathNEWS 139.3

> **66** A review is better than no review, right? I will recommend the Jello Cup to those who like jello. CC; A Review of the V1 Jello Cup, mathNEWS 139.5

**66** My friend recently told me they witnessed a mother begging her kids to stop flossing. I was in awe for a moment about the youngest generation's dedication to dental health, until I remembered the existence of [Fortnite]. itorED; mastHEAD, mathNEWS 139.4

**66** I'm pretty much obsessed with people [...] Maybe you have to be, as a writer, or maybe I'm just vain. cy; Doppelgänger, mathNEWS 139.6

**66** If there's anything I've learned though, it's that ostriches can smell fear, and you should never, ever trust them, especially if they're in the hands of a Laurier Music Therapy major. Finchey; A List of the Best and Worst Places in Waterloo to Cry in Public, mathNEWS 139.5

66 Orientation is what you make of it. If you want to be a bummer and complain, you won't have a good time. If you stop taking yourself so seriously and learn the math dance by heart, you will have a fantastic time. George Kennebunkport; My First Year Experience: Chapter 1., mathNEWS 139.6

> **66** [No quote, just a disapproving glare.] Zethar, gridMASTER

**66** There is **no escape**. George Lambrou, Editor; mastHEAD, mathNEWS 133.7
